It was also suggested to talk to the Village engineer to brainstorm ideas as well. They also asked if we could purchase a bike rack for the community park. A motion was made by Jay Baumhardt and seconded by Henry Guell to purchase a bike rack if the Town Board approves of this purchase as well.

A motion was made by Shea Stahl and seconded by Todd Gitter to approve a title search and title insurance for the O' Brien/Lefebber et all land they are donating to the Village. The cost will be \$525.00 for the title insurance and \$5000.00 for the search fees to ensure the property is free and clear for the Village to take possession of the land.

There was a discussion on offering food truck service in the Village. There were concerns about taking business away from the Bar and Restaurants within the Village. The board wants to start looking into a food truck ordinance to regulate this option. Right now, they don't feel a food truck should be parked on public property. Possibly private commercial property with owner permission. The board is consulting with other municipalities to see how they are regulating food trucks in their areas.

Ahmed from COM2 Recycling Solutions attended the meeting to discuss the possibility of bringing in electronic recycling boxes. This would offer the residents within the Village a way to dispose and recycle old electronics such as computers, stereos, VCR's to be recycled. This would be at no cost to the Village, we would just need to provide a space with a roof to hold the boxes. When the box is filled then the company would come and pick up the old box and swap it with a new one. The board will discuss this further at next month's meeting.
